THE FOREST HOUSE
PET HEALTH PLAN

QUALITY CARE
MADE EASY

www.fhvets.co.uk
At Forest House Veterinary Surgery we believe that prevention is better than cure, rather than waiting until a pet is ill and suffering to put things right. Early diagnosis of health problems will help your pet to live a long and healthy life. Through a simple monthly direct debit you can spread the cost of essential treatments across the year. The concept of spreading the annual cost of household bills is a regular and well recognised feature of our daily lives – why should the essential preventative treatments for your pet be any different?

Our Pet Health Plan is not pet insurance. It includes the essential treatments your pet needs throughout life, such as vaccinations, flea and worm treatments and regular health checks all with a great discount compared to paying as you go. Extra benefits of the plan include exclusive discounts on many other products and services at the practice.

Read on for more information, or speak to one of our team today to find out more about our plans.

The Forest House Pet Health Plan provides your pet with:

✔ Annual Health Check and Booster (see table)
✔ Six month Health Check with a Vet Nurse
✔ Flea treatments (sufficient for 12 months)
✔ Worming treatments (sufficient for 12 months)
✔ 30% off Neutering
✔ 10% DISCOUNT ON:
  ● Microchipping
  ● Lifestage Diets
  ● Dental work
  ● Consultation Fees

If you cancel at any time other than on an anniversary of joining the plan, you will be required to pay the practice either the outstanding amount for treatment received, or monthly payments due until the anniversary of your plan, whichever is lower.

PLEASE NOTE: The discount is available to clients for the stated procedures undertaken exclusively at our practice, and at no other clinics. Private cremations, out-of-hours consultations & referrals are not eligible for discount.
